FUNSTON SENDS CIPHER MESSAGE

Transmits Information Gathered From Refugees.

HUERTA REGIME TOTTERING

Secretary Garrison Calls Into Conference at the War Department Major General Wotherspoon and the Entire General Staff of the Army. Reign of Anarchy Is Feared at Mexico City.

Washington, May 8.—Upon receiving a long cipher cablegram from General Funston at Vera Cruz, Secretary Garrison called into conference at the war department Major General Wotherspoon, chief of staff, and the entire general staff of the army.

When Secretary Garrison left his office he and the army officers wore grave faces and it was no secret that news of importance had been received.

Later Secretary Garrison said General Funston had transmitted some information which refugees had brought from Mexico City as to conditions in the Mexican capital. The secretary declined to comment upon them. He said, however, that no aggressive movement of any kind by the American forces was ordered.

It was understood that the refugees from Mexico City had informed General Funston of the critical aspect of affairs in the Huerta regime, that a collapse might be expected momentarily and that conditions of anarchy might ensue. The purpose of General Funston in making known these reports to the war department was believed to be to advise the Washington administration of the possibilities that might develop from a fall of Huerta, in order that, if the American army is compelled to rescue foreigners or restore order, it may be fully equipped for such an expedition.

Favor Large Available Force. Though not officially stated it is known that the high officials of the war department are anxious to place at Vera Cruz or on transports within striking distance a large enough force, perhaps fifty thousand or sixty thousand men, to make an expedition to Mexico City if it becomes necessary.

Officials of the war department are known to believe that if an advance on Mexico City is ordered it will be necessary to guard every mile of the railroad as the army moves forward and that a large force would show the natives the futility of resistance, whereas a division of 15,000 men might be subject to several attacks along the route, with possibly big losses.

The American army officers also regard the situation at Vera Cruz as likely to become desperate in the event that anarchy breaks out in Mexico City or the forces of General Maas should make an attack on their own initiative irrespective of the Huerta government's promise of a suspension of hostilities against the United States.

A large number of bluejackets could be landed from the warships to reinforce the 7,000 troops and marines in Vera Cruz, but in order to hold the positions outside of Vera Cruz up to the water works more infantry is believed to be required by General Funston. There have been persistent reports that he has asked for more men, but the war department has not made any announcement on the subject.

In view of the progress of mediation the army officers are anxious not to make any move that might embarrass the negotiations and are desirous of being prepared for any eventuality.

WOULD STRENGTHEN ARMY

Senate Measure Would Allow Wilson to Fill Regiments.

Washington, May 8.—A resolution that would permit the president to increase the regular army above the 100,000 statutory limitation was introduced in the senate by Chairman Chamberlain of the military affairs committee.

The resolution recites "that at present there exists a condition which may at any moment require the fullest use of the regular army."

MEXICAN OUTLAWS KILLED

Constitutionalist Troops Clash With Band of Castillo Followers.

Juarez, May 8.—Five Mexican outlaws were killed in a skirmish between a company of constitutionalist troops and two score bandits under Manuel Gutierrez near Colonia Juarez. Two other bandits, captured, were executed. Gutierrez is a former follower of Maximo Castillo.

Slayer Hopelessly Insane.

New York, May 8.—Attorneys for Chester B. Duryea, who shot and killed his father, General Hiram Duryea, a retired millionaire starch manufacturer, appeared in police court in Brooklyn and waived examination so that he could go immediately to the grand jury. His family and physicians believe he is hopelessly insane.

LONG BALLOT AT JUNE PRIMARIES

Minnesota Republicans Have Numerous Contests.

TIME FOR FILING EXPIRES

Democrats and Progressives Have No Opposition on Their Ballots Except for Governor—Secretary of States Julius Schmahel Has Clear Field. Congressman A. J. Volstead Unopposed for Nomination or Election.

St. Paul, May 8.—The Republicans will have the only long ballot at the primaries June 6. The Progressives and Democrats will have a little slip with two names each while the Socialists and Prohibitionists will have none at all. The time for filing has expired.

Under the new primary law all candidates for partisan office that have no opposition for nomination do not go on the primary ballot at all. The candidates and offices for which there are contests follow:

Republican.
Governor—W. E. Lee, Long Prairie; A. O. Eberhart, Mankato; E. L. Raab, Duluth.
Lieutenant Governor—J. A. A. Burnquist, St. Paul; Elias Steenerson, Crookston.
Auditor—Henry Rines, Mora; J. H. Block, Duluth; Jacob A. O. Preus, Minneapolis.
Treasurer—Walter J. Smith, Eveleth; R. L. Johnson, Austin.
Attorney General—Lyndon A. Smith, Montevideo; James A. Manahan, St. Paul.
Railroad and Warehouse Commissioner—J. F. Rosenwald, Madison; O. E. B. Jacobson, Fergus Falls; J. S. Arneson, St. Paul; J. C. White, Chatfield.

Democratic.
Governor—D. W. Lawler, St. Paul; W. S. Hammond, St. James.
Progressive.
Governor—H. T. Halbert, St. Paul; E. N. Westerlund, Mound.

Congressional.
First District—Republican, Sydney Anderson, Lanesboro; O. M. Levaug, Lanesboro.
Second District—Republican, J. E. Hayercraft, Madelia; F. F. Ellsworth, Mankato.
Fifth District—Republican, George R. Smith and Ernest Lundeen, Minneapolis.

Sixth District—Republican, H. J. Maxfield, Wadena; C. A. Lindbergh, Little Falls.
Eighth District—Republican, J. P. Boyle, Eveleth; C. B. Miller, Duluth.
Ninth District—Republican, Halvor Steenerson, Crookston; Luther Osborn, Glyndon.
Tenth District—Republican, V. L. Johnson, Center City; J. Adam Bede, Pine City; Lowell Jepson, Minneapolis. Democratic, Harry S. Swenson and A. S. Dowdall, Minneapolis.

Volstead Has Clear Field.
A. J. Volstead of Granite Falls, Seventh district, is the only present member of congress who has no opposition either for nomination or election. There is only one Democratic contest for congress, this being between Harry Swenson and A. S. Dowdall of Minneapolis in the new Tenth district. Secretary of State Julius Schmahel is the only Republican candidate whose name will not appear on the primary ballot. No one field against him for the nomination.

The Progressive candidates, below governor, whose names will not appear on the primary ballot are: Lieutenant governor, J. F. Spencer, Rochester, secretary of state, J. C. Lewis, Nashua; auditor, Will Curdiss, St. James; treasurer, P. G. Jacobson, Madison; attorney general, A. V. Rieke, Minneapolis.

The Democratic candidates below governor are: Lieutenant governor, C. M. Andrist, Minneapolis; secretary of state, N. N. Berghelm, Little Falls; auditor, A. J. Rush, Mankato; treasurer, E. M. Engelbert, Benson; attorney general, N. M. Cronin, Minneapolis; railroad and warehouse commissioner, Loren A. Smith.

GIRL'S SLAYER IDENTIFIED

Jailed and Guarded Following Statement of Child's Playmate.

Pittsburg, May 8.—Elizabeth Kilmeck, who was gathering violets with Florence Dove on the hillside near North Braddock, Pa., last Tuesday, when the child was assaulted and brutally murdered, identified Nick Former as the assailant.

Former was arrested and carefully guarded.

Will Wed Italian Prince.

Rome, May 8.—Formal announcement of the engagement of Prince Francisco Roispigliosi and Miss MacDonald Stallo was made here. The marriage of Miss Stallo into the Roispigliosi family will increase the number of American wives in the family to four.

REBELS CAPTURE MAZATLAN

Being Driven to Water Front Federal General Surrenders.

Los Angeles, May 8.—Mazatlan, the Mexican west coast city, surrendered to the Constitutionalists, according to a dispatch received by Adolfo Carrillo, Carranza's representative in this city. There still was fighting, the dispatch added, General Guerrero driving a part of the federal garrison toward the water front.

The dispatch was signed Fabala, secretary of foreign affairs, Chihuahua. General Telles, the federal commander, sent word to the Constitutionalists that he could do nothing but surrender.

VILLA PLEADS FOR LIFTING EMBARGO

Lack of War Material Injures Rebel Campaign.

Torreon, Mex., May 8.—A plea for the lifting of the embargo on arms as the swiftest, surest and most humanitarian method of bringing peace to Mexico was made in an interview by General Francisco Villa, general-in-chief of the Constitutional army.

"The embargo is protracting this struggle uselessly and is placing a burden on the whole of Mexico which can serve no good," he said. "I hope the American government understands that the placing of the embargo is interfering seriously with the plans of the Constitutionalists. Mexico should be pacified quickly. We cannot gain this end while we suffer from lack of ammunition."

"We can continue this struggle for better social and economic conditions in Mexico by capturing our ammunition from the enemy, as we have done largely in the past, but such a method would necessarily drag the war over a long period. I believe, therefore, that every humanitarian consideration argues for the lifting of the embargo."

General Villa reiterated his belief in the good will of the American people toward Mexico.

\$139,560,334 IN NAVAL BILL

Entire Administration Construction Program Passed by House.

Washington, May 8.—The annual naval appropriation bill, carrying \$139,560,334 and providing for the entire administration naval construction program, was passed by the house without a roll call. The building program includes two battleships, six torpedo boat destroyers, one seagoing torpedo boat, three coast defense submarine torpedo boats, to be constructed on the Pacific coast, and four submarines.

SAY SHE KILLED HUSBAND

Oklahoma Woman Is Charged With Murder in Oil Camp.

Ringling, Okla., May 8.—Mrs. Jennie Epperson was taken to jail at Ardmore charged with the murder of her husband, who was killed in an oil camp near here. Epperson, an oil man, was shot after he had retired.

SUICIDE DUE TO NERVOUS BREAKDOWN.

Bloomington, Ill., May 8.—Harry W. Mason, forty-one years old, and a bank cashier until taken with a nervous breakdown several months ago, died from the effects of wood alcohol taken with suicidal intent. He was prominent in local option and Y. M. C. A. work.

FLAG DEMANDS HIGHEST RESPECT

Easy to Pass Resolution Upholding National Honor.

HELD DEARER THAN LIFE.

Those Opposed to Administration's Policy in Dealing With Mexico Avoided Allusion to Stars and Stripes—John Lind, Still in Washington, Remains Silent.

By ARTHUR W. DUNN.

Washington, May 8.—[Special.]—What a great power is the flag of the nation! Its influence was felt very much and had much to do in enabling the president to put through the war resolution.

There were many members of congress that disliked exceedingly to vote for anything which might mean war. When the resolution was considered by the senate committee on foreign relations there were men who were hesitating, but they decided to support the president because they knew of the influence of the flag.

The fact that the American flag was flying in the boat from which American sailors were taken at Tampico had more influence in bringing about the warlike preparations and warlike demonstration than anything else that has happened.

Dearer Than Life.

One of the senators, arguing against the president's resolution, avoided mention of the flag, but pointed out that human life was much more important than the uniform. The intimation was that an insult to the uniform was a small matter compared to the killing of American citizens in Mexico. But that idea did not arouse much support. The flag and the uniform, when they are the symbol of the United States government, are dearer to the people than human life. It is for the support and maintenance of the flag and uniform that men willingly enlist in the army and navy and that women send their men to battle.

Wise men of the opposition party, who were much opposed to the president's Mexican policy, decided that they could not stand against it as long as the flag of the country was the main contention of the administration.

Stone Came Back.

Senator Stone of Missouri has been ill a long while, and it was only last week that he hobbled into the senate on crutches. But he came back, not only in the sense of making his reappearance and occupying his seat, but also in his ability and vigor to speak and defend his party and the administration. Stone came back prepared to assert his ability to fill the new honor which had been given him while he was absent—that of chairman of the foreign relations committee. In this he also succeeded.

Allowed to Sleep.

It begins to look as if the good roads bill which was passed by the house with such a rush has gone to sleep for good and all in the senate. There were a great many men who said they voted for that bill in the house because they had to, but who expressed the hope that it would never receive consideration in the senate. At this time in the session it is doubtful whether such a bill could be reported and passed. There is too much ahead of it.

John Lind Reticent.

The special envoy of President Wilson to Mexico said little when he was in that country. He came back ostensibly to take a much needed rest, the president informing the newspaper men that it was doubtful if he would even come to Washington. And yet Mr. Lind has been in this city and within call almost ever since he arrived in this country. He is reticent, all right, for no one has heard him say a word. It is believed that he holds the view that Carranza is the only solution of the Mexican situation.

The City Beautiful.

There has been a deal of talk in the house of representatives about the city of Washington during this session of congress and much complaint made about the expenditures which the government of the United States makes for the city. A majority of the house seemed determined to cut off some of the government expenditures, but the senate will not consent. The people of the United States like big things, fine things, and have shown their appreciation in this direction. Considering the criticisms of many members of congress, I sometimes wonder whether the people sympathize with that idea or whether they would really like to see the government of the United States make Washington one of the greatest, most magnificent and best capitals of any nation in the world.

Charlie Dick Knows.

Charles Dick, who was once a major general of the Ohio militia, a member of the house and a senator from Ohio, and who spends a great deal of time in Washington, still keeps his hands on the political pulse of his state. There are mighty few men anywhere that know the political situation in Ohio better than Charlie Dick. Quite a number of people could get points on what will happen in the campaign if he were willing to have his statements published.

Don't.

When you feel in a sorry mood don't try to take a fall out of an ash-tray. —Chicago News.

PAPER ASSAILS PENFIELD

Vienna Reichspost Scores American Ambassador.

Vienna, May 8.—The Reichspost published a bitter attack on Frederic Courtland Penfield, United States ambassador, for presenting a note to the foreign office protesting against the continued delay in the trial of Samuel Altman, general agent in Austria of the Canadian Pacific railway.

Mr. Altman is charged with being connected with a plan to take out of the country Austrians liable to military service.

Mr. Penfield is accused by the Reichspost of trying to influence the course of justice.

WILL CONSOLIDATE CHICAGO DAILIES

James Keeley Buys Inter-Ocean and Record-Herald.

Chicago, May 8.—The Chicago Record-Herald and the Chicago Inter-Ocean were purchased by James Keeley, general manager of the Chicago Tribune. The transfer of the papers was announced shortly after George Wheeler Hinman, holder of the majority of the Inter-Ocean bonds, had bought the Inter-Ocean for \$50,000 in a receiver's sale in the federal court. The two papers will be merged and published as the Record-Herald. W. W. Chapin, formerly in charge of the San Francisco Call, will be associated with Mr. Keeley in the management of the papers, according to the announcement. Mr. Chapin, it was said, will manage the business affairs and Mr. Keeley the editorial department. Mr. Keeley, it is said, will sever his connection with the Tribune at once. The Inter-Ocean was founded in 1865 as the Republican, with Charles A. Dana as editor.

EQUIPMENT TO VERY CRUZ

Rush Orders Are Received to Send Large Quantity.

Galveston, Tex., May 8.—Rush orders from Washington were received through Second division headquarters at Texas City to send a large quantity of permanent field equipment to Vera Cruz. Work of loading the converted transport Saltillo was begun immediately. The Saltillo also will carry a month's supply of rations for General Funston's troops.

TERRE HAUTE MAYOR FREED

Jury Finds Roberts Not Guilty of Election Frauds.

Terre Haute, Ind., May 8.—Mayor Donn H. Roberts, charged with conspiracy to corrupt elections, was found not guilty by a jury in the circuit court here.

Mayor Roberts and sixteen other city officials and former officials were indicted about three months ago on charges of having committed election frauds.

FIXES ESTATE AT \$875,000

Statement of Wealth of Late Frederick Weyerhaeuser.

St. Paul, May 8.—The sum of \$875,000, which was announced as the value of the estate of Frederick Weyerhaeuser, who died in Pasadena, Cal., April 4, does not constitute the entire extent of the holdings in the belief of William J. Stevenson, assistant attorney general, in charge of inheritance tax matters.

"All stocks or bonds Mr. Weyerhaeuser may have held in corporations in any state are taxable here as personal property," he said. "On the other hand, his real estate holdings in other states are not taxable in Minnesota."

Mr. Weyerhaeuser was at one time hailed as richer than Rockefeller. The suggestion carried in the figures announced that he was not even a millionaire created widespread surprise and led to the supposition that he had disposed of vast holdings by gift prior to his death.

SIMPLE WEDDING AT WHITE HOUSE

QUESTIONS THE INCOME TAX

Constitutionality of Federal Act Before Supreme Court.

Washington, May 8.—The first case to reach the supreme court involving directly the constitutionality of the federal income tax was docketed there. It was an appeal from the refusal of the federal district court in Southern New York to enjoin the Union Pacific railroad at the instance of a stockholder, Frank R. Brushaber, from paying the tax. Twenty reasons are assigned for holding the law unconstitutional.

DEMOCRATS WILL CAUCUS

House Members to Consider Anti-Trust Measures.

Washington, May 8.—Democratic leaders in the house, anxious to get congress out of Washington by July 10, called a party caucus for Tuesday, through which they hope to expedite consideration and passage of the anti-trust bills on the administration program.

The caucus will determine the length of time the measure shall be debated in the house and in compliance with its decision the rules committee will frame an order under which the debate will proceed.

It is probable that the bill will be put to a vote within the next two weeks.

FOURTEEN PERSONS INJURED IN WRECK.

Prince Rupert, B. C., May 8.—A train on the newly completed transcontinental Grand Trunk Pacific railway was derailed near Westrose Lake.

C. Van Ardsol, divisional engineer; Mrs. Marion Paterson, Vancouver, and twelve others were seriously injured.

Three coaches fell over the embankment.

Eleanor R. Wilson Bride of William G. McAdoo.

LESS THAN HUNDRED GUESTS

Rev. Sylvester W. Beach, Pastor of the First Presbyterian Church of Princeton, N. J., Where the Wilson Family Has Gone for Years, Officiates at the Ceremony.

Washington, May 8.—Miss Eleanor Randolph Wilson, youngest daughter of the president and Mrs. Wilson, became the bride of William Gibbs McAdoo, the secretary of the treasury, in the blue room of the White House.

Less than a hundred persons—and but few officials—heard the low toned voice of Rev. Sylvester W. Beach, pastor of the First Presbyterian church of Princeton, N. J., where the Wilson family has worshipped for years, as he united in marriage a member of the cabinet and the daughter of the president of the United States.

It was a simple ceremony, brief but solemn—the radiant faces of the bride and groom reflecting the happiness of the hour. For the president and Mrs. Wilson it was a touching moment as they gave away a daughter for the second time within a year. Around them stood their relatives and friends—a small group—for it was a family affair.

It was in contrast to the wedding of last November. There were no uniformed diplomats, no members of the senate or house, or the supreme court. This was the wish of the bride and bridegroom, carried out to the letter.

The ceremony lasted but fifteen minutes. The reception was brief and the wedding supper was followed by a brief dance.

The White House was a scene of beauty indoors and out. Within all was splendor—palm, lilies, ferns, roses, the soft light of the blue room, the red coated marine band, the historic portraits of presidents of the United States and the luxurious furnishings of the parlors, the state dining room and main corridor—this was the setting when the wedding hour arrived.

Guests Form Semicircle.

The guests, relatives and close friends of the two families were grouped in a semicircle. There was a hush of silence as the clergyman entered slowly from the main corridor and ascended the little altar with its prie-dieu covered with a white satin in the south bay window of the blue room.

The marine band struck up the wedding march. Miss Sallie McAdoo, ten year-old daughter of the secretary, led the procession as a flower girl, followed by Mrs. Francis Bowes Sayre, sister of the bride and widow of honor, and Miss Margaret Wilson, eldest daughter of the president, maid of honor. Miss Nancy Lane, twelve years old, another flower girl, daughter of Secretary Lane of the interior department, directly preceded the bride, who was escorted by the president. The groom, with Dr. Cary Travers Grayson, U. S. N., best man, who was attired in full dress uniform, met the bride at the altar.

The Presbyterian single ring service was used with the characteristic words, "Love, honor and obey." As the president gave the bride away there was an affectionate smile on his face. He stepped back from the altar beside Mrs. Wilson and, as the words of the service were read, their faces were gravely solemn.

The bride and groom repeated the service unflatteringly and did not appear in the least nervous. They smiled happily as they led the procession from the altar to the red room, where they received the congratulations of the guests.

Supper was served at small tables in the state dining room, while the marine band played. The bride cut the wedding cake with Dr. Grayson's sword, the young folks had a dance in the blue room and in an unsuspecting moment Mr. and Mrs. McAdoo slipped into a waiting automobile and motored rapidly down Executive avenue. They will be away on their honeymoon about two weeks and will not go abroad, as has been reported. The secretary expects to keep in close touch with the work of his office.

Gov. Eberhart will open his cam-
paign at St. Cloud on Saturday eve-
ning, May 16, at which time a special
train will bring many of the Twin
City people and prominent republi-
cans of the state to listen to the op-
ening address of Governor Eberhart
in his campaign for a renomination.

Julius Block has filed for the re-
publican nomination of state auditor
and the news goes out that his filing
is not so much a desire to secure the
nomination as it is to take part of
the German vote away from J. O. A.
Prens in the interest of Henry Rines,
all of whom are candidates for the
same position.

The election of Winn Powers as
mayor of St. Paul seems to have up-
set the calculations of the Pioneer
Press, although that newspaper seems
to think the city will survive the
"retrogressive spasm" as it has a
wonderful capacity for adapting it-
self to conditions as they may pre-
sent themselves. To Dick O'Connor
and his "matchless manipulation" is
given the credit for turning the
trick. The Pioneer Press has not
turned one in so long that it would
really be an innovation for them to
be on the winning side.

Thief River Falls will entertain
the best bunch of boosters that any
state in the union boasts of on the
3d, 4th and 5th of June, at which
time the Northern Minnesota Devel-
opment Association meets in that
city. Thief River Falls sends out
the slogan "The Betterment and Ad-
vancement of Northern Minnesota"
and every minute of the time of those
who attend this meeting will be de-
voted to living up to the spirit of
the slogan. The meeting is to be
one of the largest and best of any
yet held by this organization, a spe-
cial feature being the ladies meeting
in which an organization of a ladies
auxiliary will be organized. The
best speakers the state affords will
be present. The citizens of Thief
River Falls are providing a number
of attractions that should bring a
large attendance to one of the best
towns in Northern Minnesota which
has ample hotels and accommodations
to care for the public in first class
shape. It is the land of "cows, corn
and clover" and you will miss it if
you miss it.

George B. Irving, the municipal ex-

pert who is to be here next week to

most in the state. The Booster and
Commercial clubs of Brainerd togeth-

erial available can organize into a
body that will bring the attention of
capital and manufacturing institu-
tions to this city, an organization
that can and will work for the up-

MOTHER'S DAY NEXT SUNDAY

Observance of Mothers Day Has Had an Astonishing Growth in the United States

OBSERVED IN THE CHURCHES

White Carnation is the Emblem Chosen to be Worn on Mothers Day in Honor of Mother

Mothers Day will be observed in every city in the United States next Sunday.

The white carnation is the emblem chosen to be worn on Mothers Day in memory of the mothers. It is worn "To the best mother, who ever lived my mother."

It is the day when everyone is supposed to wear a bright flower for his or her mother, if she is living, and a white carnation if not. Originally the white carnation was the Mothers Day flower par excellence; because its whiteness stands for purity and other attributes of a true mother, but now the rule seems to be.

"For mothers at home, flowers bright, In mother's memory, a flower white."

Mothers Day had its inception in Philadelphia four years ago, when Miss Anna Jarvis, a young woman of that city, started the movement. It had an immediate universal appeal, and the day has been perpetuated by the recognition by the president of the United States and all the governors. The second Sunday in May will always be Mothers Day.

At the tabernacle there will be special services in honor of Mothers Day.

MOTHERS' DAY SUNDAY

Special Services at Tabernacle Sunday Morning, Methodist Church Circle Assisting

Next Sunday is "Mothers' Day". The December Circle of the Methodist church wishes to make it possible for every elderly person in Brainerd to attend the Sunday morning services at 10:30 at the tabernacle. Many of these mothers have not been out of their home block for a year or more. Can you think of any better way to honor the name of your own mother than to give pleasure to the shut-ins in this way?

The Enterprise Girls class of the Methodist Sunday school will be there to do everything for their comfort, usher them to the seats reserved for them, presenting each with a white carnation. Every person over sixty years old will be the special guest of the December Circle.

In order to make this a success the ladies are asking automobile owners to cooperate, lending their autos with careful drivers to take those not able to walk to and from the services. Any one willing to do this in "Mother's name" will communicate with Mrs. Guy Weaver or Mrs. Olaf Skauge by telephone and names and address will be given Saturday.

WATCH THE KIDNEYS

Dr. Abernathy, the great English physician said:—"Watch the kidneys. When they are affected life is in danger." When we consider that kidney diseases are the most fatal of all, and that as we grow older there is a constantly increasing letting down of the physical forces, we can readily appreciate the wisdom of Dr. Abernathy's advice. One of our own most famous physicians, Dr. S. Weir Mitchell, says: "Men die because a part gives out." HINDIPO has been on the market for nearly 30 years, and is a splendid medicine for the kidneys, bladder and urinary passages, and is as well, a tonic and a stimulative medicine. On this account it is particularly recommended to elderly people. Sold at Johnson's Pharmacy. 50c a box. Money back if not satisfactory.—Adv.

CLAIM U. S. ARE BREAKING ARMISTICE

Special to Dispatch:

Mexico City, May 8—Ectava Ruiz, acting minister foreign relations, has complained to the South American mediators, that American troops were landing in Vera Cruz, and that other military preparations were in progress there, thus breaking the armistice. In reply South American mediators have wired, it is announced, that they will make representations regarding the matter to President Wilson.

SITUATION IS MORE WARLIKE

Washington, May 8—The Mexican situation assumed a more warlike aspect today. Activities in war department, which began last night on receipt of long confidential advices from General Funston, was renewed through the morning and brought to the attention of President Wilson and the cabinet when the regular session began at 11 o'clock. While this activity disclosed that every precaution was being made for any possible eventualities, yet Secretary of War Garrison said just before entering the cabinet meeting that "no additional troop movements have been ordered."

A generous program of speaking, songs, etc., has been provided and many tickets are now being sold for the event, insuring a large attendance at the celebration. The complete program will be published as soon as the various committees complete the arrangements.

WAS POPULAR TEACHER

Mrs. Clarence B. Stickney Died Thursday at Local Hospital After a short illness

Mrs. Henrietta Stickney, wife of Clarence B. Stickney, died at a local hospital yesterday afternoon following a short illness. She was born in Stockholm, Wis., and later removed to Lake City. She was the only daughter of Mrs. Mathilda Erickson.

In Brainerd she taught school several years at the Harrison school and in the last year of her school work she was principal of that school. She had hosts of friends who were attracted by her quiet, lovable ways.

She was married to Mr. Stickney and they resided at 411 South Broadway where they had a pleasant, cozy home. She leaves three brothers, Alfred Erickson of Bay City, Texas; Milton and George Erickson of Lake City.

The funeral will be held at 11 o'clock on Saturday morning at the home in Brainerd, Rev. G. P. Sheridan, pastor of the First Congregational church officiating. The body will be taken to Lake City in the afternoon and funeral services will be held there on Monday afternoon.

The sympathy of the community is extended to the bereaved family.

BUSH MAKES FIRST HOME RUN

Philadelphia, May 8—Hard hitting and sensational fielding enabled Philadelphia to defeat Boston here 7 to 3. Bush pitched a fair game, his teammates robbing the visitors of several hits, and he also made the first home run of the season at Shibe park. Oldring made two diving catches, one of them being the capture of a drive off Janvrin's bat, which glanced off Daly's glove after the latter tried to get it by a leap into the air. Strunk hurt his hand trying to make a diving catch of a fly by Speaker. Score:

PLAY BALL NEXT SUNDAY

Brainerd City Team to Clash With the Minnesota & International Clerks' Team

ADMISSION ABSOLUTELY FREE

M. & I. Practicing Every Night Near the Railway Ice House—Big Game Expected

The Brainerd city team will on Sunday afternoon at the usual hour clash with the Minnesota & International railway clerks' team at the Koering grounds. Batteries have not yet been announced.

Every evening north siders and people in the business section have heard a succession of booming notes sounding like a machine gun operating at Vera Cruz. Some thought it was the mining operations being carried on. Others took the time to locate the noise and found it to be the M. & I. clerks battling the ball in practice and ringing the bell regularly by hitting the ice house several blocks away.

The Brainerd city team may be wiped off the map if the M. & I's get a Philadelphia Athletic streak on them and start hammering the poor pitcher out of the box.

An umpire with a good pair of legs will be selected to be the arbiter of Sunday's game. The front gate will be left open so that in case of misunderstandings the man with the indicator can have the first try through the main entrance.

The first aid to the wounded hospital corps of the shops may be on duty ready to render aid to a man blown out of the box or hit by the pitcher. The maintenance of way department will see that the paths have all the low joints removed. Signals have been studied with care so that an M. & I. runner will be given the highball by the coacher and the next batter up will complete traffic arrangements and send the runner round the circuit with wide open throttle scheduled 60 miles an hour and no stops.

INTER-SUNDAY SCHOOL LEAGUE

Congregationals Play the Methodist-Baptist Church Nine, Fomer Winning 6 to 5

PERCENTAGE COLUMN--

Norwegians -----1,000
Congregationals -----1,000
Methodist-Baptist -----009
Presbyterians -----000

The Congregationals played the Methodist-Baptists, the former winning 6 to 5. The game was devoid of any exciting features. Only six innings were played. The batteries for the Congregationals were Holton, Edwin Backen, F. Backen and Albert Backen; Methodist-Baptist, Overly, Croswell and Thabes.

The next game will be played at the Koering grounds Saturday morning between the Presbyterians and the Methodist-Baptist. In the afternoon at 3 o'clock the Norwegians and Congregationals will clash.

Would Like to go to Mexico and Show Huerta Some Lead Balls if He Was 50 Years Younger

The Dispatch is in receipt of a communication from Herman H. Hahn, of Northeast Brainerd, a regular reader of the Dispatch, in which he says among other things:

"I would like to write you a few lines in regard to the battle of Gettysburg, which I see by the Dispatch has been on exhibition in moving pictures recently. I fought in that great battle and received a shot in my leg that I will carry with me through life. I am today 73 years old, I was 26 when I enlisted in Co. 21 Wisconsin Infantry, under General Grant who afterward became president of our great country. I am still healthy and read without glasses, but I cannot walk much. I also fought in the battles of Atlanta and a number of other engagements. During my life I have had the honor of shaking hands with ten presidents of the United States, Lincoln, Johnson, Garfield, Arthur, Grant, Benj. Harrison, Grover Cleveland, Wm. McKinley, Theodore Roosevelt and William Howard Taft, and I do not forget my friend Bryan, for whom I voted three times and whom I hoped and expected to see president of our country,

At its Price, the World's Greatest Automobile Value!

Check the Measurements

Leg room, depth and width of seats—with those of any car selling from \$1000 up to \$1400—you'll find this is a "big" car in inches as well as "immense" in efficiency. Note up-to-date streamline body design, left hand steer, center control and other features of the highest priced cars.

Maxwell "25" \$750

The Car that is Rapidly Setting the Selling Pace Everywhere

IT IS predicted by shrewd judges that the Maxwell "25" \$750 car made by the Maxwell Motor Company, Detroit, Mich., will within a year be the fastest selling automobile in the world.

And this isn't such an extraordinary prediction when you consider the many very remarkably good points of the Maxwell "25," and the present phenomenal demand.

A prominent writer who has intelligently studied the subject said recently that the time is coming when most families in the United States will own an automobile.

In many places Maxwell "25s" are used not only for pleasure purposes, but for business reasons as well, thus rendering a highly efficient double service.

The Maxwell "25" Car is unique. It occupies a distinctive position.

It is in a class by itself. It hasn't a real competitor because it gives what other cars do not give. It possesses more advantages that benefit you, price considered, of course.

The Maxwell "25" Car has all the fine points of high priced cars and none of their weaknesses.

It is truly a marvel of engineering genius. It is thoroughly trustworthy in every detail of construction and equipment. It is made from the best materials that brains can devise and money buy.

The Maxwell "25" is a light, practically indestructible car of extraordinary capacity, power and performance. It symbolizes speed, power and economy.

The cost of oil, gasoline and tire maintenance is so small as to be positively amazing. This has been proved repeatedly.

The Maxwell "25" is more than just merely a car. It is a superbly constructed, roomy 5-passenger automobile. It is a real full grown car, a beautiful, smooth, swift and eminently satisfactory streamline automobile.

These Detailed Specifications Prove Positively How

The Maxwell "25" has absolutely every essential quality, and absolutely every necessary feature found in the very highest priced cars.

In actual economy of operation, in real ability to keep out of the repair shop, it not only equals but surpasses most cars which cost five times its price.

The Maxwell "25" weighs 1635 pounds. A wonderful "tire economy car." Has 30" x 3 1/2" tires, front and rear, permitting rear tires to be shifted to front wheels to give extra long service.

The motor is cast en bloc; 3 1/2" bore; 4 1/2" stroke; adjustable valves completely enclosed. Extra large crank shaft; bearings of bronze with babbit lining.

Motor water cooled, will not overheat.

More Power for Its Weight Than All Higher Priced Cars

The Maxwell "25" has a real "25" horsepower motor—which develops more power in proportion to the weight of the car than the engines of most \$5,000 automobiles.

The Maxwell "25" can pass most any car on hills "in high." It is a phenomenal hill climber.

Costly High Tension Magneto—Like Highest Priced Cars

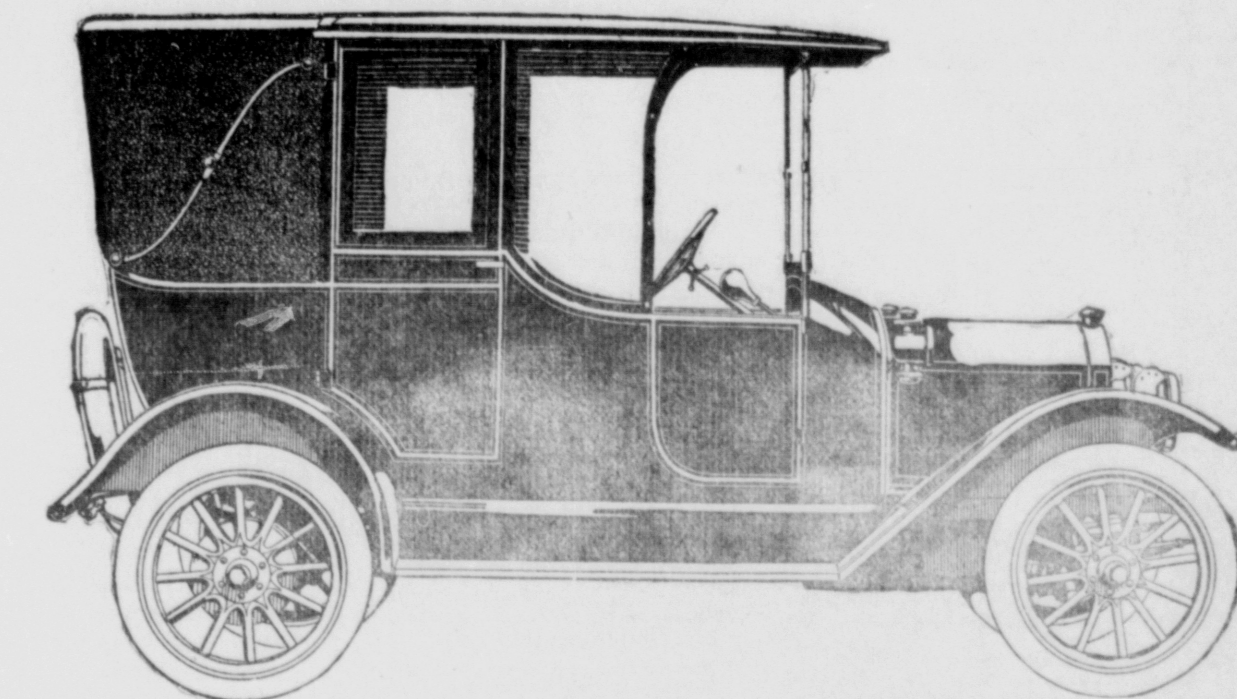

The Maxwell "25" has a Siemens high-tension magneto, which always delivers the spark direct to the spark plugs in correct time. It means no coils—no make-shift master vibrators—no mechanism that requires frequent delicate adjustments. The magneto works right, and stays right.

Transmission—4 Speed Selective Sliding Gear, Center Control

The Maxwell "25" has a 4-speed selective type transmission, 3 speeds forward and 1 reverse. The main shaft has Hyatt Roller Bearings at front end—bronze bushing babbit lined at rear. Adjustable cone clutch lined with moccasin. It takes hold firm without sudden gripping, and without undue noise.

Control—Brakes of Extra Strength

The Maxwell "25" has left-side, 16" scoring wheel. There is plenty of room for a big man to drive without being cramped. Spare and throttle control rods are incased in steering column.

Maxwell "25-4" Town Car, \$950

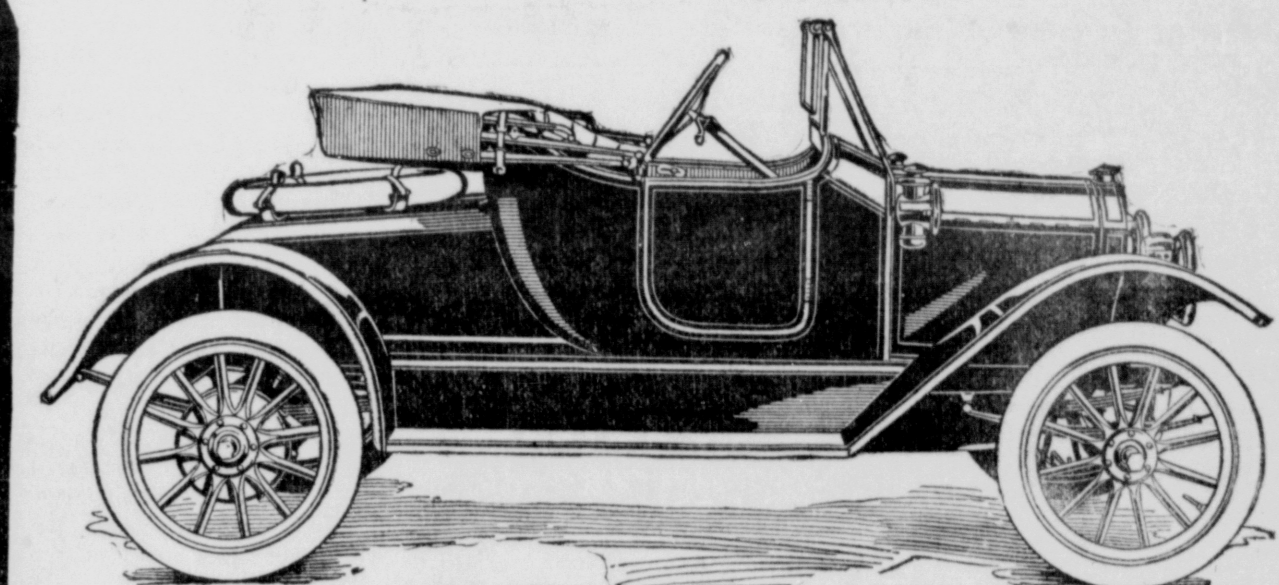

These sturdy Town Cars have a seating capacity for 6 persons—2 in the driver's seat and 4 in the rear. Landauette type. This is the ideal car for hundreds of kinds of steady daily service.

These Maxwell Town Cars are light, flexible and strongly constructed—in fact, indestructible. They keep maintenance cost down to the minimum mark.

If you want a car for hire purposes, for taxi uses—a car that will stand up and deliver—a car that will make money for you day in and day out—this is the car that you should buy without hesitation.

In thousands of sections throughout the United States, particularly in the rural regions, there are many splendid opportunities to profitably operate a public hack or taxi. This is the car that renders real ideal service because of its durability and low upkeep cost.

Ask us about this Maxwell "25" Town Car. Price \$950, plus the freight.

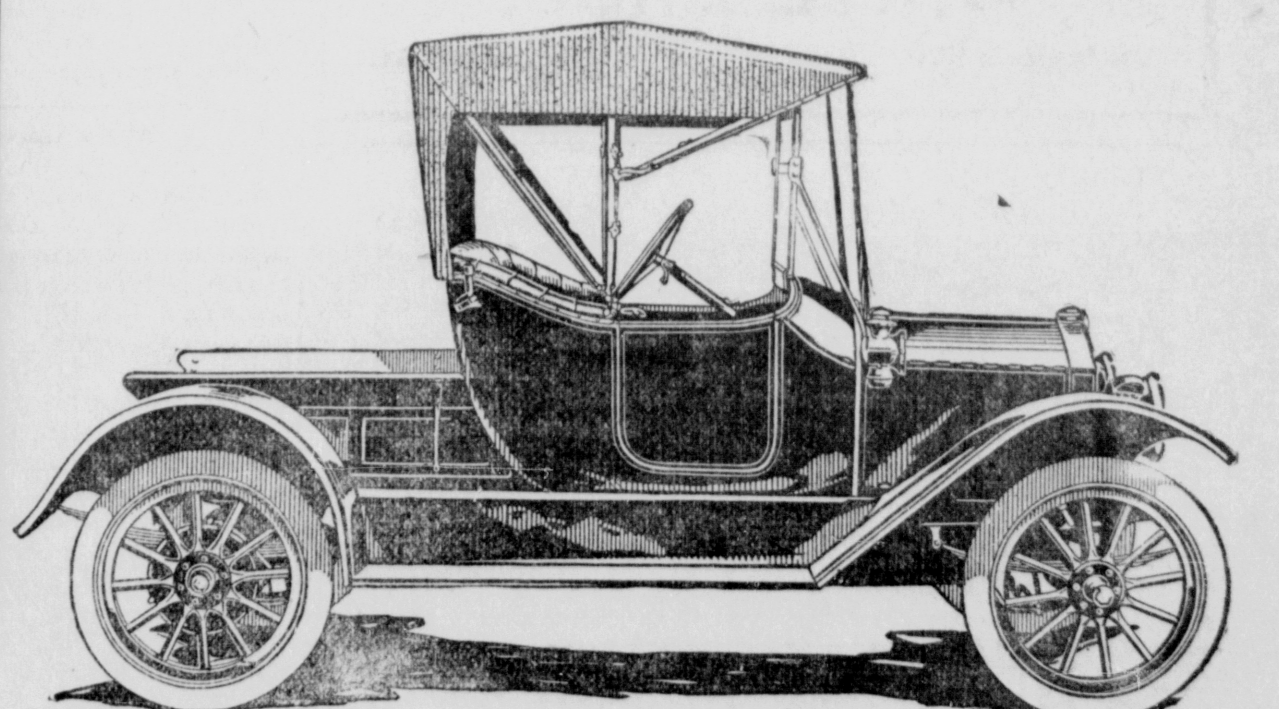

Maxwell "25" Roadster, \$725

A two-passenger car of imposing appearance, same specifications as the touring car. Just the car for the doctor or man whose business demands a car for quick and constant use.

An ideal equipment for the family of two or for the larger family to supplement the big high-priced car for handy runabout purposes.

Turtle deck is removable and express deck as shown can be fitted, making a splendid car for the business or man who wants a light delivery conveyance.

Price of Roadster with either deck \$725 plus freight, or \$750 with the two decks.

Maxwell "25" Roadster with Express Deck, \$725
See Description under the Roadster

The Maxwell "25" is unfailingly responsive. It at once attracts favorable attention and flattering comment.

When you buy a Maxwell "25" you do not have to be ashamed of it; you do not have to apologize for it; it isn't a car that's perpetually joked about.

When you buy a Maxwell "25" you get a car that looks like one that costs double the money, and acts like a car that sells at twice its price.

Its operation is easy and economical. You are not compelled to dig constantly into your purse. It isn't a car that's a source of worry.

It minimizes cost—saves you money.

The Maxwell "25" is a real joy. It is a car that stands up and delivers at all times and under all conditions, no matter how trying. It is always right there at the right time. It gets you to your destination and back in the shortest possible time and at least cost.

It has plenty of smart style; it is a fast and sure hill climber; in fact, its hill climbing performances are marvelous, as records prove.

The Maxwell "25" \$750 is the car that you should own.

Our object in running this, the world's largest automobile advertisement, is to vividly impress you, to try and convey to you at a glance what a truly remarkable car the Maxwell "25" is!

We could have compressed this advertisement into half the space, but that wouldn't have satisfied us, nor would it have impressed you in a big way.

Big things should make big impressions.

And as the Maxwell "25" is a big thing in automobile advancement—the very biggest in its class—we want your attention now—at once!

But after all, perhaps the best and most convincing way to impress you is to show you the Maxwell "25" itself!

A shipment has just arrived, and we are very eager, indeed, to show you these beautiful cars, to demonstrate to you their many points of superiority.

Come and let us take you for a ride in a car that runs swiftly, beautifully and ideally as an exquisitely made watch!

Much Big Value You Get in the Maxwell "25" at \$750

There is a foot throttle or accelerator pedal with foot rest. Transmission Control Lever is in center of car and is operated by the right hand.

The service brake is contracting and the emergency brake expanding. They act on 12 1/2" brake drums bolted to rear wheels.

Unfailing, Economical, Springless Atomizer Type Carburetor

The Maxwell "25" has a Zephyr Carburetor—Atomizer Type. This gives unusual high mileage per gallon of gasoline without constant carburetor trouble. Starts and runs right in any weather, and controlled from the dash.

Lubrication—Improved Splash System with Oil Saving Pump

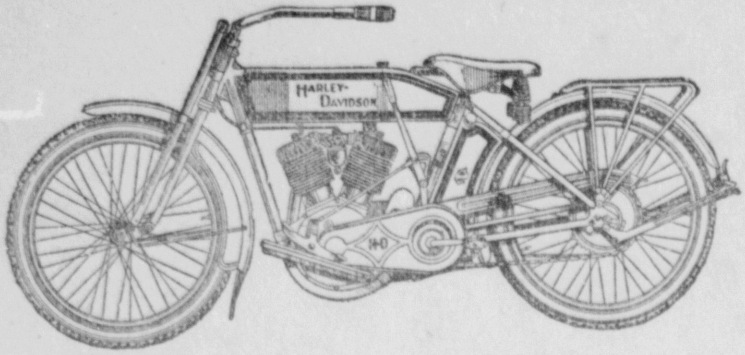

The Maxwell "25" has splash lubrication with a sturdy, slow-moving plunger pump. This saves oil.

Capacity—A Real 5-Passenger Car of Comfort

The Maxwell "25" is a real 5-passenger car. It carries 5 grown people comfortably. There is plenty of leg room.

Startling Exclusive Improvements Mark the 1914 Harley-Davidson

Step-Starter—Selective Two-Speed—Double Brake Control—Double Control of Free Wheel—Folding Foot Boards—Full-Floting Seat, and Other Improvements.

Step-Starter Starts Machine With Rider in the Saddle and Both Wheels on the Ground

THE 1914 Harley-Davidson is marked for the innovations it presents. Innovations, but not experiments, for every feature has stood the test of months and months of hard road service. The Step-Starter—an exclusive feature—furnishes the only practical method of starting a motorcycle. If the rider accidentally stalls the motor it is no longer necessary to hold up traffic on a crowded street, find a level place in the road, get off in the mud, and set the machine on the stand to start it. A downward push on either pedal and the motor again begins to throb.

Selective Type of Two-Speed

The Harley-Davidson selective type of two-speed has proven itself to be exceptionally reliable, extremely simple and wonderfully efficient. Its housing is inside the rear hub, thus avoiding dust, dirt or damage. Its speeds are selective and the rider can shift from low to high or high to low or to neutral at any time whether the machine is standing still or in motion.

Double Brake Control

BARROWS MINE STARTS TO SHIP

First Ore Sent from the M. A. Hanna Co. Mine in the Bustling South Range Town

INCREASED DEPOSITS IN BANK

Marked Increase of Business in First State Bank of Barrows and Other Enterprises

Barrows, Minn., May 7.—The Northern Pacific railway steam shovel has arrived and shipping is now in progress at the Barrows mine of the M. A. Hanna Co.

The Busy Bee club gave a May festival at the town hall Saturday night and a large crowd attended, reporting a good time.

Dr. R. A. Beise, of Brainerd, was called to Barrows to attend Henry Naperilla, son of Joe Naperilla, a minor at the Barrows mine, who was bitten by a stray dog.

Markus Grande, proprietor of the Barrows Livery, is negotiating for an auto to add to the service in the near future.

Austin Mooers, of Sauk Rapids, has accepted the position of agent at the local Northern Pacific railway depot. Twenty-eight tickets were sold the opening day. This station will no longer be a prepaid point.

Mrs. R. C. Klinkenberg was hostess at a party in honor of her husband's birthday. Those present were the Misses Mae Staples and Jessie Dewald and Messrs. Ed. Olson and A. Howard Smith.

Quite a number of Barrows people attended the closing exercises of the Davis school about two miles south of Barrows.

The Barrows Meat Co. showed a marked increase of business in the last two months as reported at the last directors' meeting which was held at their office in the Janesky block on Friday.

H. H. Holmes of Mankato, was in town the early part of the week looking up a business location.

Fred Revier has been here for the last few days making repairs to his property on Barrows avenue. Fred says it took better in Barrows now than it did a year ago.

The First State Bank of Barrows reports a large increase in deposits in the past month.

John Wahl was in town Thursday on important business.

Al Quackenbush, out fishing the other day, returned with a good sized string.

Ragna Peterson is now clerking at H. A. Peterson & Co's. store.

The First State Bank of Barrows is now writing farm insurance and reports that it is surprising how many farmers go without insurance on their stock or buildings.

R. C. Klinkenberg will leave Friday for the Twin Cities and will return Saturday with his new Chevrolet roadster which he intends driving up.

The Mississippi and Rum River Boom Co. has about 100 men working on the river near Barrows. The men report that the recent rains have helped considerably in floating the logs.

Bert Cornish and Archie Gleason have taken over the restaurant formerly managed by Fred Revier. Both Mr. Cornish and Mr. Gleason are good live wires and will undoubtedly make good at the business.

It enriches the blood, strengthens the nerves, cleanses the stomach, regulates the bowels, helps the appetite, livens you up, you work better—feel better—look better. Hollister's Rocky Mountain Tea, a real Spring remedy—tonic for the whole family. 35c. H. P. Dunn. mwf

MUSIC AND DRAMA

At the Columbia
Large crowds have been attending the Columbia the entire week. The feature week has proven a success. Today and tomorrow the public has a wonderful opportunity of viewing two of the greatest features of the season, "The Great Aerial Disaster" and "The Dead Man's Child." Each photo play comes in three reels.

At the Grand
You will see "Lucille Love" at the Grand theatre tonight and Saturday. "Lucille" is cast on a South Sea Island more dead than alive, but she has the papers which Loubeque stole, the return of which will save her father and sweetheart from disgrace. She looks about and sees a band of savages making for her. There is no escape and Lucille is captured. The savages think that she is sacred and the chief takes her to his hut to nurse his sick daughter. She relieves the child which the chief is very thankful for. Lucille, by chance learns the secret of Loubeque's life in reading his diary. She sees the photo of her mother that he has and who was the only love of the international spy's life. When the little daughter recovers the chief gives Lucille a sacred charm and white elephant. Loubeque is also cast on the same island with Lucille. He is determined to recover the documents again. During the story Lucille is driven into the jungle and you will see the best display of wild animals that was ever produced in motion

pictures. This great serial feature of 15 weeks is just becoming interesting.

Along with this tonight and tomorrow we have our regular run feature of two reels and vaudeville. If you have not seen West and Bernon in harmony and talk, you will have the opportunity tonight and Saturday. Standard prices—5 and 10 cents

REVIVAL MEETINGS AT TABERNACLE

As Reported by the Press Committee, Rev. W. J. Lowrie, Chairman

SYNOPSIS OF LOWRY'S SERMON

The Subject of the Season Tonight Will be "The Dance of Death."

Converts previously reported.....635
Conversions last night.....18
Total.....653

Topic tonight, "The Dance of Death."

That the results of revivals are permanent was testified to by J. W. Buss, of Park Rapids, formerly of Brainerd. The Lowry-Moody party was at Park Rapids three years ago. There were about four hundred fifty conversions.

Mr. Buss stated last night that the churches are still reaping the benefits. People "brought under conviction" then are now allying themselves to the churches. The silly charge that revivals "do not last" cannot be substantiated in Park Rapids. Men and women brought into the churches through the influence of religious campaigns are among the best and most consecrated workers the church has today.

Rev. John Sornberger, lumber jack evangelist, was present last night and offered prayer. He will address the men's mass meeting Sunday afternoon at 2:30. The place will be announced later.

Mr. Sornberger is a remarkable product of the white pine forest and the lumber camp. His former depreations were with the classes to whom he now preaches. No more remarkable illustration of a "twice-born" man exists in America.

Articles are constantly being lost and found in the tabernacle. Last night a chain of beads and gold cross was restored to its owner. The janitor has a number of things in his possession that have been lost.

Evangelist Lowry went to Crosby this morning where he will make arrangements for holding two weeks' meetings after the campaign here. He has begun to feel the strain of his religious work in Brainerd and throughout the year. The burden of such intensive work can only be realized by those who have had experience. The wear and stress upon the nerves is constant.

Tonight the theme will be "The Dance of Death." A silver offering will be taken. People are asked to come early and enjoy the chorus singing, also that you may assure yourself of a seat. A large crowd is anticipated.

Sunday afternoon there will be a mass meeting for women only. Rev. Lowry will address the women. This will be held at the tabernacle at 2:30. A young men's prayer meeting will be held at 6:45 tonight. All young men are invited. Mr. Frank Heber will be the leader.

The theme last evening was "The Greatest Story Ever Written." It was the story of the prodigal son. The evangelist said:

Charles Dickens called the story of the prodigal son the greatest story ever written. It is a story that is true to human nature in all countries and under all conditions. Though it has an oriental setting in the Bible, it is applicable to every clime and people. Human nature has the same temptations and the same inducement to goodness throughout all the years.

The story fails to produce a response in many because of its familiarity. Many have grown callous to any appeal from any portion of the Word of God. They are like the traveler who having passed through the Rocky Mountains so many times feels no thrill at the narrow gorges and the lofty peaks. They can induce no further response. Many there are who in a like way are callous and indifferent to any moral or spiritual appeal. They have heard and rejected so many times that they no longer have spiritual sensibilities. They have stepped over the "dead line" of resistance.

I wish to call attention to the things which lead to the downfall of the young man of the Biblical story.

It was not bad environment. His environment was ideal. He had a loving father and a beautiful home. We hear today that all that is needed to make men better is to change his environment. If environment would save why did Adam and Eve fall?

The difference between Socialism and Christianity is that Socialism says the environment makes the man. Christianity says the man makes the environment. The Socialism would go to work to change the environment the Christian would work to change the man and let him then change the environment. Gov. Ben Hopper was once a waif upon the street. He developed manhood enough to make him a Christian governor.

He went astray not through lack of education, culture or refinement. He had all these but they had no power to save him. These things had no more power to save than they do now. Educate a man and leave him without Jesus Christ and he becomes a more cleverascal and the greater his education the greater is his power to harm.

His heart was wrong that was

what led to his downfall! "The wicked go astray from the womb." You do not need to teach a man to sin he goes at it as naturally as a wolf to flesh or a sheep to grass. The only way to cleanse a man is to reach his heart. Everything else is superficial.

The lost boy wanted his own way. He thought upon the "far country." Where thoughts are the affections go. "As a man thinketh in his heart so is he." Think sin and you will act sin.

Sin is never insignificant no matter how small it may be. The bit of steel in the compass deflected the ship from its course and ground it upon the rocks.

The lost boy found a life of gaiety in the far country. He "broke" into society. This was not hard to do for he had a little money. Society took no note of the beginning of his sin. It never does. It waits until sin has become vice before it makes any protest. Even then only when vice becomes too apparent. Then it casts out. The devil fills the first years of sin with frivolity.

The boy found in the far country the consequences of sin. The inevitable famine came. His clothes became rags. He was forced to seek a job. He found it. The meanest and lowest job a Jew could find that of feeding swine. Serve the devil long enough and he will at last get you to the job you hate worst. That is the way he shows his good will toward his friends.

When he gets them down to husks and fogs he no longer worries about them.

The young fellow came to himself. Sin has brought universal depravity and insanity. The thinking people of the city of Brainerd are Christians. People who do not think are never Christians. The man who will go apart with God and reason it out will become a Christian. The other will become more and more insane in sin.

Hope was still left in the heart of the lad. He thought on his father's house and the things he had left. Where the thoughts are the affections go. He resolved to return, to confess his sin and seek forgiveness. While he was yet a great way off his father saw him and ran to meet him. Forgiveness was complete, because repentance was complete. He was taken back to a home in which he had sacrificed every right. He was there and was kept there only because of the clemency of his father.

There is no unwillingness with God He will forgive. He will also give a place in that home in which we have sacrificed every right. We have received "the part that comes to us" and wasted it upon the husks of life. There is a wisdom in God's mercy like the wisdom of the sea.

Twelve Years of Success

Is Behind this New \$1500 CARTERCAR with the Gearless Transmission

FOR twelve years the gearless transmission of the Cartercar has been giving the utmost in service and has proven under the most rigid tests that it is the simplest and most efficient of all drive systems.

New model 7 Cartercar has all the good features of this transmission, has the same careful construction and reliable materials that have been used in manufacturing the older models and yet sell for only \$1250.

Model 7 is produced in two bodies, the five and two passenger, both on the same chassis, with a wheel base of 106 inches, built with the idea of room—good, wide seats and plenty of foot room.

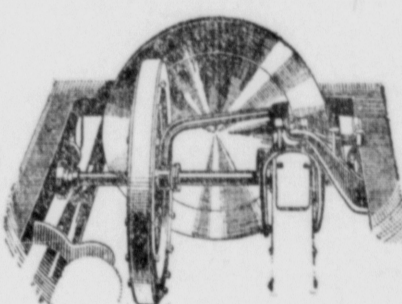

The bodies adopted are standard, by that is meant that startling changes of design will not be made each year in the body design, as this has a tendency to depreciate the value of your car.

Beautiful of design, superb finish, with a sturdy, powerful four cylinder engine, gearless transmission and electric starting and lighting and full equipment, Model 7 is vastly more than you would expect at the price, \$1250. Let us take you riding in Model 7.

The Complete Equipment of Model 7

ELECTRIC STARTING—Separate unit controlled from the driver's seat. Starting is effected by gear meshing with teeth on fly wheel.
ELECTRIC LIGHTING—Controlled by switch within easy reach of driver's seat. Large headlights, side lamps and tail lamp.
HORN—Electric.
SPEEDOMETER—60-mile Stewart.
WINDSHIELD—Double acting rain vision.
TOP—Six Mohair with full set of curtains, and top boot.
ROBE RAIL—Furnished with Touring Car.
DEMOUNTABLE RIMS—Five rims, with carrier for extra.
GASOLINE GAUGE—Gauge on tank air gauge on dash.
COLORS—Raven blue or French Gray body with black chassis, or French Gray wheels with either color body.
TIRES—32x3½ all around—standard makes.
TOOLS—Especially complete set of tools. License carriers.
All accessories are finished in nickel and black.

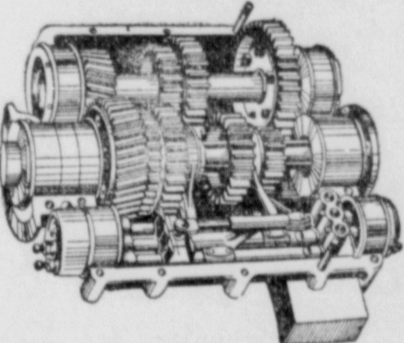

The Gearless Transmission Has Few Parts

Examine this cut of the Cartercar Gearless Transmission. The disk in the background is directly connected with the powerful, silent, four-cylinder motor. The wheel in the foreground is moved or "rolled" against the disk by pushing forward a lever at driver's right.

This wheel "takes hold" and transmits the power with tremendous leverage from the engine to the rear drive wheels through a silent chain running in a bath of oil. The latter is called the secondary drive and is absolutely silent and practically wear-proof.

Complicated Mechanism of Gear Transmission

Choose any style of the gear transmission on the market and examine them. You'll find that their dragging cogs absorb and waste much energy. Do you wonder that frequently gear driven cars are said to "lack power" even with a high horse power engine propelling them? Gears like this are noisy, too, for they clash and groan even when you are careful. Then there is the constant danger of "stripping," an expensive and annoying habit that gears have.

CHAUTAUQUA

Begins June 10 and Lasts a Week

The Redpath-Vawter System—the Worth While kind

First get the above date fixed in your mind. Mark it red on your calendar. Then arrange your affairs so as to get the good of the Chautauqua.

The Ben Greet Players are coming. This is the climax of Chautauqua entertainment.

It is a big city attraction made possible to the smaller places by the System plan.

They will play the "Comedy of Errors." This is the big laugh producer of all Shakespeare's plays. It fairly bulges with amusement features from beginning to end.

Don't get the notion that this is too high-brow for the folks. No, it is not. It is a play built for your joy and it gets to the spot straight.

The music is the highest grade and the best assortment ever offered on a Chautauqua program.

Quintano's Great Band of thirty players from the heart of Sunny Italy will delight all lovers of sweet ensemble music.

Shildkret's Hungarian Orchestra is without a superior in strong popular musical entertainment.

The Alpine Singers and Yodlers from far off Switzerland will surprise and delight with their novel Tyrolean music.

The Redpath Grand Opera Singers will present costumed scenes from "Martha" in most approved fashion.

The famous Dunbar Singing Orchestra, Rogers and Griley and the Hinton-Mordilea Company, complete a festival of music unsurpassed for richness and variety. Music, music, music, in great abundance.

The Raweis from New Zealand will be here with their bewitchingly beautiful portrayal of life in the South Seas.

Montraville Wood will exhibit his wonderful Gyroscope, his one-rail car and the ultra violet ray.

Julius Caesar Nayphe of Athens, Hon. Frank J. Cannon, Gov. Robt. B. Glenn, Chancellor George H. Bradford, Father Austin Fleming of Apostolic Mission House, Dr. Alva M. Reitzel, Dr. Frederick Poole, Gov. Henry A. Butcher are among the orators who will be here with messages of uplift and power. There will be special morning lectures and work exclusively devoted to the children. Everything is complete for a full week of joy.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held May 5th, 1914

Board met at the court house at 10 o'clock a. m.

All members present. Minutes of the last meeting read and approved.

Albert Fox appeared with a committee from the G. A. R. and asked for \$40 to help in the observance of Memorial day and the request was duly granted.

A representative of the Adams Grader company of Indianapolis, Ind., demonstrated his machine and it was decided to ship in one of his graders for a trial when the new tractor arrives and also to get a small two horse grader for use in dragging roads.

A delegation was present from Deerwood again urging that some money be expended on State Highway No. 6 between Deerwood and the Aitkin county line, and the following resolution was adopted: Resolved, that we take from Job No. 5 of State Road No. 6 the sum of \$2000, and \$1500 from Job No. 8 of State Road No. 5 south of Deerwood and expend said sums on State Road No. 6, Job No. 11 between the Village of Deerwood and the Aitkin county line.

A letter was read from W. H. Gemmell, general manager of the Minnesota & International railway company offering the use of the right of way and bridge across the Mississippi river in Northeast Brainerd if the county would pay for the steel span, worth perhaps \$2000. A motion was made and carried to offer the railroad company \$1500 and the auditor was directed to so report to Mr. Gemmell.

Board adjourned until 2 o'clock p. m.

Six bids were opened for the three bridges on state highways and the contract for all three was awarded to the Hewitt Bridge & Steel company the lowest bidders at the following prices:

Bridge No. 1145, Sec. 29, Bay Lake town, \$945.00.

Bridge No. 1155, Sec. 18, Daggett Brook town, \$2475.00.

Bridge No. 1282, Sec. 12, Mission town, \$1997.00.

Sol Marace of Pelican town, appeared and asked for a little help on town line road on the south line of Sec. 33, Pelican town stating that property owners there would donate some money also. \$25 was set aside for this work. \$50 was also appropriated to be expended under the direction of Commissioner Kreech on road between Sec. 32 and 33 and 28 and 29, Twp. 134, Rge. 28.

Plat of Woodland Park Addition to Barrows located in the N½ of the SE¼ Section 9, Twp. 4, Rge. 31 was presented to the board by Engineer L. Knudson on behalf of the Barrows Realty Co. On motion the same was approved and ordered placed on file with the register of deeds and a copy furnished for the auditor.

Plat of Raymond's Addition in the NW¼ NW¼ Sec. 12, Twp. 46, Rge. 29 lying north of Raymond's Addition to Crosby was also approved.

Application of Gust Schmidt for a liquor license on lot 11 block 6 Oreland, was duly granted and his bond with the American Surety Co. was approved.

Applications of J. C. Holz, F. O. Young and W. H. Spalding for a license in the neighborhood of Woodrow were all rejected.

The grand jury being in session presented the following resolution to the board: Be it resolved by the grand jury of Crow Wing county, Minnesota, here assembled this 5th day of May, that we stand opposed to the granting of any liquor license by the county commissioners of Crow Wing county, Minnesota, to sell intoxicating liquors on any location within said county, not provided with police regulations and protection.

G. S. McCulloch of the town board of Oak Lawn reported that the wooden drain on the county farm had rotted away in places and the water was flooding the road. It was computed that it would cost \$5000 to lay new tiling and it was decided to make some temporary repairs for this year, and Commissioner Kreech was appointed as a committee to attend to the work.

A letter was read from George H. Gardner stating that the ditch on north side of state road No. 2 was plugged, overflowing his land in Sec. 29, Twp. 45, Rge. 30. The matter was referred to the district engineer.

District Engineer Garrison presented plans for the improvement of state Highway No. 6. A resolution was passed reducing all grade to 3 percent and otherwise the plans were approved.

Application of Fred McNaughton to operate the tractor was presented and it was agreed that he be engaged for this work as soon as the machine arrives.

A letter was read from Dr. Robinson Bosworth, secretary of the Advisory Commission, Minnesota State Sanatorium offering Crow Wing county a chance to join with Todd, Wadena and Morrison counties in the erecting of a sanatorium. The board decided to accept this offer and they authorized a levy of a one mill tax to cover the expense. Mr. Poppenberg routing no.

The matter of maintenance of state highway was discussed and the district engineer was authorized to

start out a small crew of men at once. The wages of road foreman was fixed at \$75 per month.

EDWARD R. SYVERSON.

Candidate for Representative from Crow Wing

I respectfully solicit the support of voters of Crow Wing county at the primary election to be held June 16, 1914, and if nominated and elected, I pledge my best efforts to the honest and efficient service of the people of my county and state.

I advocate and if elected will support: Legislation for greater state aid for roads and bridges.

Legislative provision for development of state lands by the state.

Any legislation that will help compel proper business-like economy and increase the efficiency of administration of the state's business affairs.

I believe firmly in the rule of the people and if elected shall support every measure which may tend to increase the power of the people in state government and all measures which may tend to the betterment of conditions in rural communities.

CANDIDATE FOR SHERIFF

I hereby announce myself as a candidate for sheriff of Brainerd county and respectfully solicit the support of all voters at the primary election to be held June 16, 1914, and if nominated and elected I pledge my best efforts in serving the people of the county.

I have been a resident and taxpayer of this county for 24 years, previous to which I served five years in the U. S. regular army, as sergeant of Co. B, 15th infantry, where I received a military training that will, I believe, be a valuable aid in performing the duties of the office, which I feel confident I can perform efficiently and satisfactorily, if elected.

Respectfully
ERIK KRONBERG.
